Surveyor.

SUBJECT:

No. of Inclosures,

as required.

not be overlooked. I suggest return from the Mint on a long term

in order for the assay and certification thereof this point would

the result obtained from a dry sample to a weight weight basis, so that

S. A. E. Co., a request that I return you of the necessity of reducing

reference. I have today received from Treasurer Ritchie, of the Public

mint; Entry 237 P. 04 of note; Entry 238 P. and 243 P. 1-1/2 of

243 P. inclusive, except Entry 237 P. 238 P. and 243 P. 1-1/2 of note-

I give them herewith, as follows: All entries and note from 238 P. to

purpose he will need the percentage of note in the various lots and

lead returned by him will show the lead contents of the ore. For this

computed in the gross (or wet) weight of the ore the percentage of

by modifying the results obtained from the dry sample so that when

necessary to have the Mint assay take his return on wet weight basis

for reference), in accordance with the Department's wishes, it will be

"The loss weight of the ore being used (without allowance

assay.

at length, to Surveyor of Customs, Denver, giving instructions as to

copy of page 2, last of June 24th, 1898, from Deputy Surveyor.

Office of the Surveyor of Customs,
Port of Denver, Colo.,

Copy of page 3, letter of June 9th, 1898, from Deputy Surveyor, at Pueblo, to Surveyor of Customs, Denver, giving instructions as to assays.

"The gross weight of the ore being used (without allowance for moisture), in accordance with the Department's rulings, it will be necessary to have the Mint assayer make his returns on wet weight basis by modifying the results obtained from the dry samples so that when computed with the gross (or wet) weight of the ore the percentage of lead returned by him will show the lead contents of the ore. For this purpose he will need the percentages of moisture in the various lots and I give them herewith, as follows: All entries and lots from 236 P. to 246 P. inclusive, except Entries 237 P., ~~238 P.~~ and ~~246 P.~~, 1% of moisture; Entry 237 P. 6% of moisture; Entries 238 P. and 246 P. 1-1/2% of moisture. I have today received from Treasurer Ritchie, of the Pueblo S. & R. Co., a request that I remind you of the necessity of reducing the result obtained from a dry sample to a ~~weight~~ wet weight basis, so that in arranging for the assays and certification thereof this point would not be overlooked. I suppose returns from the Mint are on a long ton as required".
